Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Sunday 27 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning cloudy with rain arriving, heaviest in the south.

This Evening and Tonight:
Cloud will thicken this evening as a band of rain moves northwestwards across the region. Rain will continue overnight, turning heavy at times with the risk of localised thundery downpours. Minimum temperature 12 deg C (54 deg F).

Monday:
A band of organised rain will clear through the morning to leave a cloudy day with some showers, possibly heavy with hail and thunder. Best of sunshine in the north. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Variable cloud through the period but feeling warm, to rather warm in the sunshine. Showers on Tuesday, turning drier throughout Wednesday and brighter on Thursday.
